— Represents zero. Z Less than \$500,000.

<sup>1</sup> For 1864-1891, all series except mutual savings banks are for year ending June 30; for mutual savings banks the date is not specified in the source. For 1892-1920, for all banks other than private, figures are for calendar year; for private banks, figures vary in ending date of reporting year as follows: 1892, June 30; 1893 (14 months), Aug. 31; 1894-1899, Aug. 31; 1900-1919, June 30; and 1920 (18 months), Dec. 31. For 1921-1970, all series are for calendar years. Series X 741 is composite as to reporting period since it comprises the summation of series X 742-745.

<sup>2</sup> Excludes deposits for 7 noninsured banks, for which data were unavailable.

<sup>3</sup> Beginning 1934, based on estimates.

<sup>4</sup> In commercial banks only. Estimated losses to depositors in mutual savings banks were as follows: 1922, \$213,000; 1923, \$31,000; 1930, \$6,530,000; 1931, \$157,000; 1932, \$4,738,000; 1933, \$7,085,000. (See *Annual Report of the Federal Deposit Insurance Corporation*, 1934, p. 113).

<sup>5</sup> Excludes deposits for 1 foreign-owned bank closed in 1941 by order of the Federal Government, requiring disbursements by the Corporation.

<sup>6</sup> Excludes 1 noninsured bank placed in receivership in 1934 with no deposits at time of closing.

<sup>7</sup> Excludes deposits for two cases requiring disbursements by the Corporation: 1 bank in voluntary liquidation in 1937; 1 noninsured bank in 1938 with insured deposits at date of suspension, its insurance status having been terminated prior to suspension.

<sup>8</sup> Figures not wholly comparable with earlier years; see text.

<sup>9</sup> Figures not comparable with losses to depositors shown in footnote 4 because source data differ for these series.

<sup>10</sup> Prior to 1892, the figures shown include all State commercial banks; separate figures for private bank suspensions are not available.
